LinkedIn: linkedin.com/in/talha-bin-nasir/
GitHub: github.com/TalhaBinNasir

## Summary

Product-focused Software Engineer with a strong foundation in React, TypeScript, and Node.js. Experienced in building scalable full-stack applications and passionate about shaping product decisions by working closely with users and cross-functional teams. Proven ability to thrive in fast-paced startup environments and deliver impactful features end-to-end.

## Technical Skills

Languages: JavaScript, TypeScript, Python, SQL, HTML/CSS
Frontend: React, Next.js, React Native, Tailwind, Redux, Cypress, Jest
Backend: Node.js, Express, GraphQL, Supabase, PostgreSQL, MongoDB
Cloud & Tools: GCP (BigQuery, Firestore, Looker, Google Cloud Logging, etc.), AWS, Sentry, GitHub, Docker, Swagger, ngrok

## Experience

Software Engineer
Letsremotify - Remote
June 2024 – Present

- Spearheaded development of scalable features across web and mobile platforms using React, Next.js, React Native and Node.js - all using Typescript.
- Owned full product cycles by working closely with stakeholders to define requirements and ship performant and maintainable code.
- Built and deployed backend APIs using Node.js and Express, integrated with PostgreSQL and MongoDB.
- Wrote and maintained E2E tests with Cypress and unit tests with Jest to ensure high test coverage and application reliability.
- Leveraged GCP services including Cloud Functions and Firestore for backend operations and infrastructure.
- Participated in sprint planning, architecture discussions, and rapid iterations following Agile principles.

Software Engineer
Strategic Systems International - Lahore, Pakistan
June 2022 – June 2024

- Developed full-stack applications using React, Next.js and Node.js.
- Contributed to product thinking by collaborating with designers and PMs to prioritize features based on user feedback.
- Implemented RESTful and GraphQL APIs and integrated frontend with robust data flows.
- Applied modular, reusable UI patterns with Tailwind and ensured accessibility and responsiveness.
- Maintained CI/CD pipelines and monitoring systems using GitHub Actions, Sentry, and logging tools.

## Education

Bachelor of Science in Computer Science
FAST NUCES - Lahore, Pakistan
2022

## Certifications

AWS Certified Cloud Practitioner
